

“NBAA is delighted to have entered into this exciting relationship with NationAir and Phoenix Aviation Managers, which offers workers’ compensation insurance to NBAA Members. We hope everyone looks at this program and finds it to be a valuable option.”

ED BOLEN

NBAA President and CEO

Founded in 1947 and based in Washington, D.C., the National Business Aviation Association (NBAA) is the leading organization for companies that rely on general aviation aircraft to help make their businesses more efficient, productive and successful. For more information visit www.NBAA.org.

As one of the nation’s oldest and largest aviation insurance specialists, NationAir represents all types of aviation assets. With offices located at regional airports across the country, NationAir helps clients reduce premium costs and expand their coverage. For more information visit www.NationAir.com.

Since 1983, Phoenix Aviation Managers, Inc. has been serving the general aviation community by offering a wide range of insurance products through local independent agents and insurance brokers. Phoenix is a wholly-owned subsidiary of Old Republic International Corporation. For more information visit www.PhoenixAviationMgrs.com.

WORKERS' COMPENSATION INSURANCE PROGRAM

The NBAA Workers' Compensation Insurance Program, independently underwritten by Phoenix Aviation Managers and administered by NationAir Aviation Insurance, is offered exclusively to NBAA Members. It provides a better, more cost-effective approach to workers' compensation insurance coverage.

Participating NBAA Member companies are eligible to earn a cash dividend—up to 25% based upon loss experience—a rare benefit within general aviation.

Policies cover everyone involved with a company's flight operation—pilots, maintenance technicians, flight attendants and flight department managers. There are even provisions for contract pilots, contract flight attendants and contract crew.

This insurance program—made exclusively available to NBAA Members—may help reduce your operating costs while maintaining high-quality coverage for your employees.

In addition to reducing the cost of workers' compensation insurance premiums, your participation in the program indirectly benefits NBAA as well. A small but meaningful portion of the premiums generated will be provided to NBAA to assist the Association with its ongoing mission of supporting companies like yours that rely on general aviation aircraft to make their businesses more efficient, productive and successful.

YOU DON'T HAVE TO CHANGE INSURANCE BROKERS to take advantage of the NBAA Workers' Compensation Insurance Program. Your current insurance provider can easily connect you to the program. To learn more about this program, contact your current insurance broker or visit:
